

ZEUS

STEEL CARABINER

REF: 1012

1

CHARACTERISTICS

ZEUS is a Steel carabiner for work at heights confined spaces, symmetrical in shape, favorable for mounting on strong structures such as metal, drum lock with two movements, strategically coated with zinc sand for greater durability in rough work.

2

TECHNICAL INFORMATION

- Minimum breaking strength (axial force) (MBS) Of 25 kN
 - Lateral forcé 9 kN
 - Force with gate open 9 kN
 - Length 108 mm
 - Width 60 mm
 - Double insurance
 - Made of steel
 - Door opening 20 mm
 - Weight 115 grams
- Technical reference in use EN 365:2004/B
One-year warranty (factory defect)
