

LIFT

Hand ascender for safe and smooth ascent. Extra wide handle and attachment point for two carabiners will fit everyone from bigwall climbers to workers at height or special forces.

DESCRIPTION

Upper hole for clipping a carabiner around the rope.

Triger with short descent feature.

Available in two variants - for left and right hand.

Wide attachment point allows to connect two full-sized carabiners. It is even big enough to pass the locking gate through.

Ergonomic shape for comfortable grip with second hand.

Stainless steel toothed cam for higher corrosion resistance and for any conditions (frozen or dirty ropes).

Handle with enough space for gloved hands.

Overmolded grip and ergonomic upper part for a comfortable and powerful grip.

KEY FEATURES

-  descent feature
-  great ergonomy
-  wide attachment point
